COLLEGE HONG KONG

Dear Applicant,

Thank you for showing interest in the position of Primary or Secondary Teacher.

As the founding Headmaster of Malvern College Hong Kong I am incredibly proud to be associated with this exciting project. Our aim is to provide Hong Kong with a first-rate educational institution which combines very high academic standards with a genuine and passionate concern for educating the whole child. The values and ethos that underpin a Malvern education reflect this joint concern; to ensure not only that each young person's academic potential is fulfilled, but also that, through an active and wide ranging co-curricular programme, each young person will have had ample opportunity to develop themselves personally. With this in mind, our aim is to transfer much of a boarding ethos, with an active House and tutor system, into a day school environment. A Malvern education prepares a young adult for life beyond school – so that they not only feel happy and fulfilled but are also able to cope with all the pressures and demands of living in a rapidly changing world.

If you would like to involve yourself in this challenging but immensely fulfilling project and really enjoy throwing yourself into the life of a school that passionately cares for each of its pupils, we would love to hear from you.

I hope having seen the accompanying information you decide to take the application forward, but if you need any further information before committing yourself to an application please do not hesitate to contact our HR department (hr@malverncollege.org.hk) or indeed myself. We will do our best to answer any questions you might have.

Best wishes,

Dr Robin A. Lister
Founding Headmaster
Malvern College Hong Kong

Malvern College Hong Kong

Malvern College Hong Kong (MCHK) will open its doors to its first pupils in September 2018. This co-educational day school will cater largely for international pupils, reflecting the truly multicultural nature of this vibrant city. MCHK will open with around 400 pupils in Years 1-9 and will grow year on year to reach a capacity of 960 pupils in Years 1-13.

MCHK is located near the Science Park in the New Territories, with easy access by both road and rail from all areas around Hong Kong. With the added attraction of proximity to the Chinese University of Hong Kong as well as the Hong Kong Institute of Education, the area will provide an excellent cultural and academic environment for teaching and learning.

Malvern College Hong Kong will seek International Baccalaureate authorization to deliver a full IB curriculum, covering the Primary Years, Middle Years and Diploma Programmes. The curricular programmes in MCHK will draw on the educational heritage and practices of Malvern College, UK, whilst being adapted to fit the context of MCHK. The curricular programme will be complemented by a comprehensive academic enrichment programme which will be an integral part of the school's commitment to providing a holistic education. The academic programme will ensure the strong promotion of Mathematics and the Sciences and we will offer a robust Chinese programme in collaboration with Beijing Normal University.

MCHK works closely with Malvern College in the UK where the Malvern College International team is based. Sharing the ethos of our mother school, we will create a nurturing learning environment and will place equal emphasis on stretching pupils' potential and building character, with support from the strong pastoral system structured around the vertical House system. In short, the educational experience for pupils at MCHK will extend far beyond the structured curricular

timetable. A full range of co-curricular activities including sports, the Arts and debating will be provided on a daily basis alongside an extensive programme of trips and expeditions.

The purpose-built campus will offer a superb environment for learning and teaching. Spread over 7 floors, well-equipped classrooms and science laboratories will be complemented by an indoor sports hall and 6-lane 35m swimming pool, an auditorium, a dance and drama studio, music rooms, seminar rooms and exhibition spaces. A 3-storey high library in the central atrium will form a vibrant hub of learning and independent study at the heart of the school, and a Skypitch with AstroTurf will top off the building.

The school will be led by the Founding Headmaster, Dr Robin Lister who took up post in September 2017. Robin Lister has moved from Malvern College, UK, where he spent 28 years as Head of Philosophy and Religious Studies, Housemaster and Senior Deputy Head. The Headmaster will be supported by a senior team incorporating in the initial stages the PYP Co-ordinator and MYP Co-ordinator.

Hong Kong

Renowned as a vibrant, multi-cultural hub, Hong Kong has plenty to offer people of all interests and backgrounds. From the lively streets packed with shopping and restaurants and the popular tourist spots, to more peaceful trails in sub-tropical landscape, boat trips and beaches, there is no shortage of activities to keep you entertained.

Hong Kong is a convenient base from which to explore the culturally rich countries of South East Asia and further afield for long weekends or holidays, with relatively cheap flights. There is a strong expat community in Hong Kong including an extensive international teacher network, with many teachers ending up staying for extended periods, or even settling.

The highly efficient public transport system including the Mass Transit Railways (MTR), bus and ferry network makes travelling around Hong Kong incredibly easy. The transportation in Hong Kong is very clean, tidy and efficient. With such a powerful transportation network, your travelling time within the city will take you only 15 minutes or at most 60 minutes to reach the places in your plan at reasonable costs.

Accommodation is at a premium in Hong Kong and apartments are generally fairly compact. Expatriates will have no difficulty in living anywhere in this metropolitan city. Whilst the housing allowance from the school makes a good contribution towards costs, the neighbourhoods in the vicinity of MTR Stations are inevitably at the higher end of the market.

The four seasons of Hong Kong are certainly an attraction to expats. It is warm and humid in Spring, there is moderate to strong sunshine in Summer and breezy, dry and warm in Autumn. In Winter it is cooler and sometimes even cold! The distinct seasons help make the city very festive during Chinese New Year, the Mid-Autumn Festival, Winter Solstice and Christmas.

There is no sales tax or value-added tax in Hong Kong. Income tax is at progressive rates of chargeable income from 2% to a maximum of 17%; or at a standard rate of 15%.

Food, grocery and entertainment in Hong Kong are reasonably priced with a great variety of international brands. Utilities including water, electricity, gas and internet can amount to roughly HK\$500 to HK\$1000 per month depending on the size of the household.
